Date Available	May 1, 2009

Model Introduced: 8 Inch Hinge for Aluminum Lid

Lid hinge aluminum 8 inch - 24 feet ANODIZED

Part # **X0943**

New Features: With the changes we have made to the overall width of the polymer housing, we are now able to offer an 8 inch hinge that will be used with the standard aluminum lid. We will continue to offer the 6 ½ inch hinge until the remaining stock is gone. This 8 inch hinge will soon be the only hinge available for this type of lid.

Please be aware that on May 1st, applications that had previously required the 9 inch hinge will now be getting the 8 inch hinge.
