

Covering All The Bases With The Industry's Best Warranty!

New Rope Warranty

Powerflex™ rope carries an unprecedented two (2) year manufacturer limited warranty. This rope is used on all new Coverstar Systems & fabrics.

Cover Warranty

Coverstar Ultra Guard III now carries a seven (7) year warranty. Our patented heat sealed webbing is also included as part of our warranty.

Don't be fooled by others who claim to have copied our superior methods – *They still have stitches.....*

Motor Warranty

Coverstar electric motors have a remarkable five (5) year warranty against factory defects and water damage.

We welcome the opportunity to share the best products and warranties with our exclusive network of authorized dealers!

Coverstar Central... Introduces NEW products from Coverstar

PowerFlex Rope

PowerFlex rope is the next generation in autocover rope technology. As a result of a proprietary treatment process, *PowerFlex* rope behaves like a shock absorber. This allows the rope to be more forgiving and self adjusting during operation. Our new and improved rope also resists stretching and distortion common with autocover ropes. *PowerFlex* Rope is easier to install and operate with fewer adjustments. The new *PowerFlex* ropes are black which blends into the track. A special coating adds lubricity to minimize friction along the track.

Quick Attach Brackets

New *QuickAttach* brackets set the standard for ease of system installation. This unique design allows the mechanism to be installed into a flush deck lid system faster and easier than standard installations. Mechanism pulley brackets are locked into a fixed position allowing the mechanism to quickly and easily attach to the mounting brackets on the flush deck riser.

Additional Product Announcements Include:

Coverstar has changed to the way the 3" chopped corners for liner encapsulation are manufactured. The corners will now be reinforced with a pem stud. Using a nylock nut the stud will secure to the bottom side of the 3" diagonal plate. The aluminum plate is then attached to the encapsulation. This change will prevent the 3" chopped corner pieces from pulling out in addition to strengthening each corner

Rule Cover Pumps are included with all system purchases.

Little Giant Cover Pumps may be substituted for a slight up charge. Simply indicate your preference on quote request. We are happy to make the substitution for you

- Interested in getting your pool cover system and replacement cover quotes etc. online 24/7?
- Want to insure accuracy by viewing photographs of parts prior to ordering?
- Are there times during the year that you cannot keep up with all the pool cover installation and service?

Want to grow your business and increase revenue in these tough times?

As you know finding new customers can be difficult and expensive. One of the best ways to grow your business is through existing customers.

- Offer an annual service plan to your automatic pool cover owners to generate more revenue as well as provide a much needed service for your customer.
- Offer automatic pool cover cleanings or sell the homeowner the products so they can do it themselves

Cleaner & Protectant: Coverstar Central has engineered two specially formulated products designed exclusively for use on the automatic pool covers. Our exclusive **Cleaner** removes ugly waterline and stains without harsh chemicals which damage the fabric. Our specially formulated **Protectant** adds a shiny new coating giving luster without harmful alcohol used in similar products Watch video with tips on automatic pool cover cleaning.

<http://coverstarcentral.com/media/cleaningcovers.wmv>

The average pool cover requires about 1 quart of each product. **Cleaner** and **Protectant** are available in 1 qt bottles, 1 gal. containers and 5 gal. refillable carboys.
