TG  UG Brand: \_\_\_\_\_

\*Order Parts Kit with your cover and save 20% vs. purchasing separately

**SCREEN OPTION**

Coverstar can add a mesh screen panel – call for details and pricing

**IMPORTANT REMINDER**

When converting a non-Coverstar fabric to Heat-Sealed Webbing make sure to measure the recessed cover housing to ensure width and depth is adequate to hold additional diameter of cover with HSW.

Follow these guidelines: 12"X12" box 36' Track Length 40' Cover  
 For HSW webbing 13"X13" box 40' Track Length 48' Cover  
 14"X14" box 51' Track Length 55' Cover  
 (Add one inch of box for each additional 8 ft of fabric from this point on)
